Pull 'n' Slide
book

Can YOU ROAR Like A Lion?

How does a lion roar? What does a frog sound like? What sound does an elephant make? Listen carefully! Children will love to impress you with the jungle animal sounds they make while turning the pages in this engaging board book.

If you want to introduce your child to animal sounds, this book makes it simple and fun. When the Pull 'n' Slide™ tab is pulled down, your child will hear a real lion roar and then a child's mimic roar. Once inside, your child will enjoy making the other animal sounds throughout the book, so have fun!
