At Baby Einstein, we know that babies are passionately curious. They are fascinated by the sights and sounds around them, and every moment of every day is an opportunity for discovery. Created by a mom and designed specifically for babies and toddlers, our products provide fun and stimulating ways for parents and caregivers to interact with their children.

A mirror on every spread (and a peekaboo finale!) teaches babies and young children parts of the face in a playful way.

Mirror Me! A Mirror Book

Information and ideas for parents:

- Use each illustration as an opportunity to discuss emotions and expressions—do the characters look happy? Sad? Silly?
- Name different body parts while your baby is looking in the mirror, such as the forehead, lips, ears, hair, or chin, among others.
- Babies love to look at and imitate faces. What other faces can you and your baby make? Have fun!
